Book Overview:

A heartfelt comedy of manners for readers of Seating Arrangements and Crazy Rich Asians, Diksha Basu's debut novel unfolds the story of a family discovering what it means to be nouveau riche in modern India.

For the past thirty years, Mr. and Mrs. Jhaâ€™s lives have been defined by cramped spaces, cut corners, gossipy neighbors, and the small dramas of stolen yoga pants and stale marriages. They thought theyâ€™d settled comfortably into their golden years, pleased with their sonâ€™s acceptance into an American business school. But then Mr. Jha comes into an enormous and unexpected sum of money, and moves his wife from their housing complex in East Delhi to the super-rich side of town, where he becomes eager to fit in as a man

of status: skinny ties, hired guards, shoe-polishing machines, and all.

The move sets off a chain of events that rock their neighbors, their marriage, and their son, who is struggling to keep a lid on his romantic dilemmas and slipping grades, and brings unintended consequences, ultimately forcing the Jha family to reckon with what really matters.

Hilarious and wise, The Windfall illuminates with warmth and charm the precariousness of social status, the fragility of pride, and, above all, the human drive to build and share a home. Even the rich, it turns out, need to belong somewhere.
